

www.kerrybogpony.ie

Our new website will be officially launched at the National Show on 20th August next. It has been a long time coming but we hope that you will feel it has been worth the wait. It will mean that we can publish more photographs and news items and keep more in touch with our members. The database will be updated nightly and so the information it contains should be completely up to date. The website will go live over the next few weeks. We hope that you will visit it and let us know what you think. If there are any problems we will sort them out.

For Data Protection reasons Owners of ponies will be listed by name and County only. However if you wish to sell ponies you may wish to publish your address or contact number or email address. Stallion Owners will have their details published automatically so that mare owners can contact them directly.

Please complete and return the form below if you agree to have your details published on the website.
